DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on September 1, 2010 has been entered.

Claims 1, 6-8, 10-12, 14-20, 22 and 23 are pending, with claims 1 and 6-8, 10, 11, 22 and 23 examined. Any rejection of record in the previous Office Action, mailed March 15, 2010 that is not addressed in this action has been withdrawn.

Specification

The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: there is no mention in the specification about plates being incubated at 37°C or under an atmosphere containing 10% CO₂.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the

invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 22 and 23 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Gao et al (US 6,821,512) in view of Hateboer et al (WO 00/63403, cited by applicants).

Applicants argued that the limitations of claim 9 were incorporated in claim 1; however, these limitations are not present in claims 22 and 23. Applicants have not presented any arguments concerning claims 22 and 23.

Allowable Subject Matter

Claims 1, 6-8, 10 and 11 are allowed.
